

GDPR Statement – A Commitment to Compliance May 2018

The GDPR will come into force on 25th May 2018 as the Data Protection Act 2018.

It is in place to give you control of your data and gives organisations processing data (including Schools, Day Nurseries and Children's Centres) more responsibilities in relation to how they collect, process, store, share and destroy data. It's not just about information technology, but all data we hold as an organisation.

In order to demonstrate our commitment to GDPR compliance we are doing the following:

- Documenting our processing activity, including ensuring we have a lawful basis for processing
- Auditing this processing and identifying and creating an action plan to mitigate any risks to personal data
- Documenting the compliance of third-party providers and reviewing contracts to ensure compliance with GDPR
- Ensuring that we have processes and procedures in place to ensure the rights of data subjects
- Reviewing the technical and organisational measures in place to protect data
- Training staff on GDPR and our data handling procedures – we hope Governor's will also undertake this training

We have a Data protection officer contact: ghipple@wandsworth.gov.uk

Eastwood Nursery School and Centre collects and process large amounts of data and take our responsibility as custodians of this data very seriously.

GDPR is a long-term project and we are committed to developing out privacy programme. Whilst there will be changes, we are committed to ensuring that there is no negative impact on teaching and learning and the welfare of children and staff

For more information contact the school office admin@eastwood.wandsworth.sch.uk
